Re: Request for Information Pursuant to CERCLA
Berry's Creek Study Area
Bergen County, New Jersey

Dear Mr. Ausubel:

Per our telephone conversation of November 1, 2002, and in response to the Request for Information letter dated October 16, 2002, I have enclosed two maps with the "Curtiss-Wright Corporate Site" located at 1 Passaic Street, Wood-Ridge, Bergen County, New Jersey, outlined in red.

These maps clearly show that the Curtiss-Wright Corporation site is not within the Berry's Creek study area. The Curtiss-Wright Corporation site is completely within the Saddle River/Passaic River watershed and, therefore, could have no connection to the Berry's Creek watershed.

I understand that if you concur with the foregoing, Curtiss-Wright Corporation will be dropped as a PRP and need not participate further.

Thank you for your cooperation and please advise if you have any questions regarding this matter.

Very truly yours,

Kent H. Garson
